You can cut the potatoes up and put some oil on them. Next, add salt and pepper. You can use butter instead of olive oil. Then place them in the oven and turn the heat to 400 degrees to cook the potatoes. After 20 minutes, the potatoes are ready. Place them on a plate to eat. What can you do with cheese?

There are hundreds of recipes with cheese! My favourite is brie, a kind of French cheese. The recipe isn't very good for you, so don't eat it every day!

The ingredients are 200g of brie, three slices of bread, an egg, some oil, some salt and pepper. First, cut up the bread into very small pieces and bake them for five minutes.

Beat the egg in a bowl and add some salt and pepper. Then cut up the brie into long, thin slices and put them one by one into the egg.

Fry the brie, bread and egg in some oil so they are brown on both sides and you can eat them with ketchup – delicious!
