IV. Read and decide if each sentence below is True or False.

The ingredients to make summer rolls are flexible, however, you always need some rice paper and fish sauce to make summer rolls. First, spread a bit of lettuce, noodles, carrots, herbs and pork or shrimp. Next, fold up bottom edge to cover, then fold in the sides. Roll tightly. Continue with remaining ingredients. You can eat them right away when you finish, but it's much better to eat summer rolls with fish sauce. Combine fish sauce, sugar, chili, garlic and about $\frac{1}{4}$ cup water. Taste and adjust seasoning, adding salt and pepper if necessary.
